

ANNUAL REPORT

Dear AGS Friends and Families,

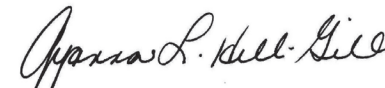

The 2014-2015 school year was an exciting time at Atlanta Girls' School. Last year, we celebrated a milestone 15th academic year, and I successfully completed my first year as Head of School. Most importantly, our community's support allowed AGS to serve 237 students from over 60 zip codes including seven students from China. Your contributions provided more than \$790,000 in financial aid, which supported 32 percent of our student body.

We applauded the success of the class of 2015. These 32 young women secured more than \$6 million in scholarships to over 188 colleges where they were accepted. And for the first time in the school's history, 100 percent of the senior class participated in their class gift to the Annual Fund. During the 2014 Thanksgiving holiday, we held our first 10-year reunion for alumnae to reconnect with our school and each other. The ever-growing list of alumnae

accomplishments, the steadfast support of our community, and the unequal expertise of our faculty continues to allow AGS to make its mark as a leader in girls' education.

I am thrilled to share that in total, the AGS community—parents, alumnae, faculty, staff, and friends of the school—came together to contribute \$1,047,074 to the success of the 2014-2015 school year. For 16 consecutive years now, 100% of trustees, faculty, and staff, and 96% of families gave generously to the Annual Fund. I am forever thankful for all that you do and have done to make us AGS strong, and I look forward to building on this success in 2016!

Sincerely,

Ayanna Hill-Gill
Head of School

2015 Auction Paddle Raise for a New Bus

Each year, the Auction Committee works closely with AGS staff leadership to identify an immediate financial need opportunity—ideally one that will directly benefit current and future students—that can be met through the Auction's popular Paddle Raise. The 2015 Auction Paddle Raise was designated to go toward a new school bus that would help transport students to athletic practices and competitions, academic field trips, and important community service projects.

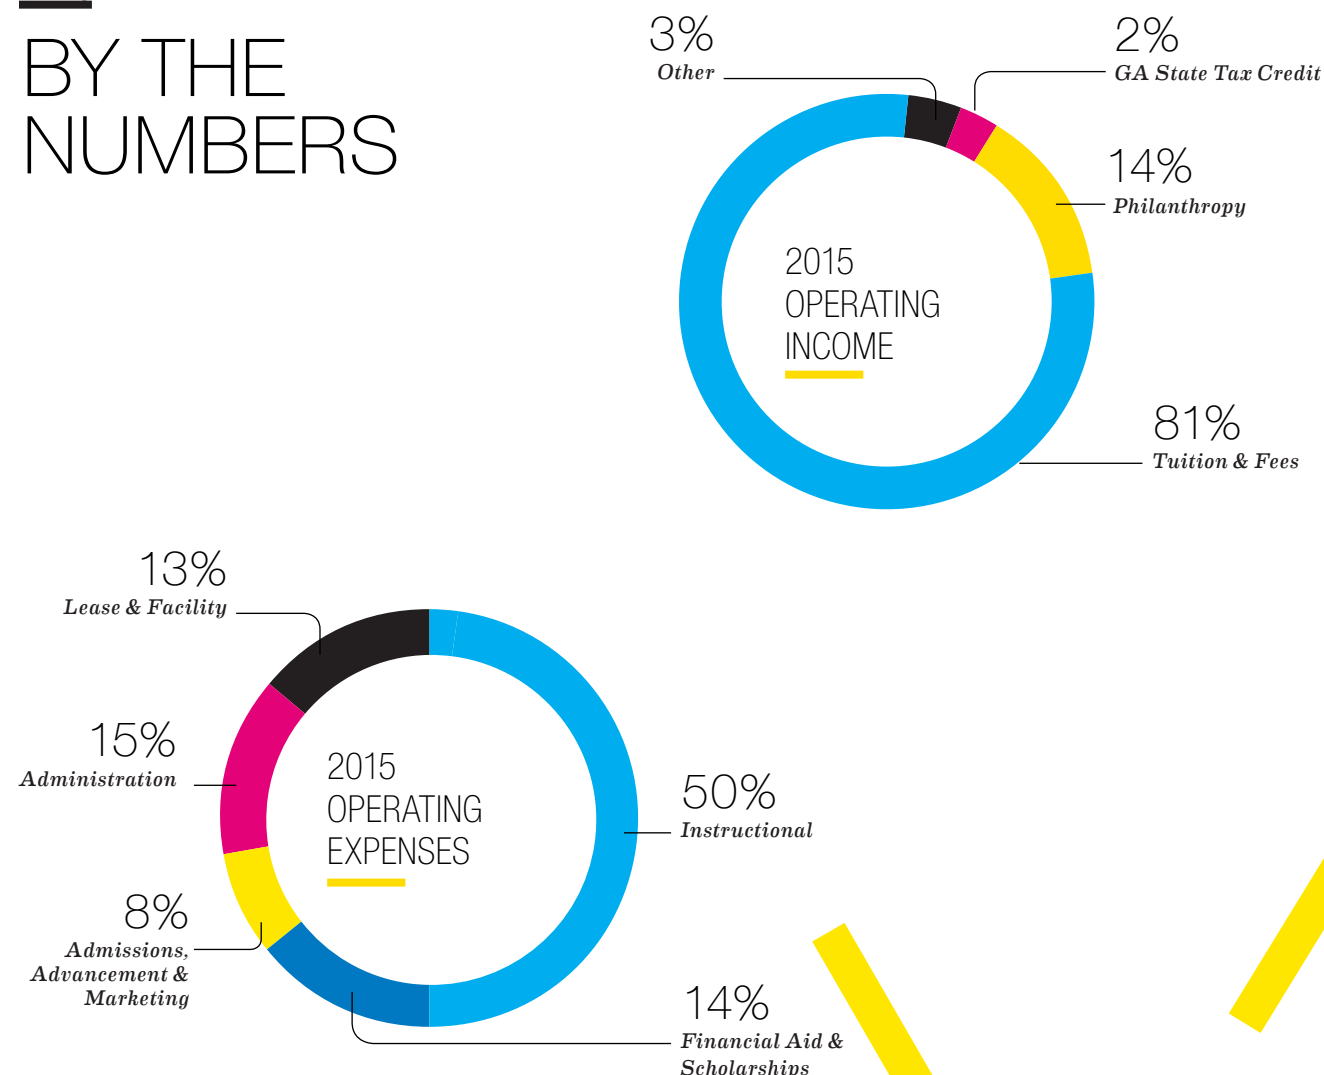

Not only did 2015 Auction goers reach the \$50,000 goal, but also exceeded it enough to allow for additional gas and maintenance costs to be covered. Many among AGS's fleet of buses have been in service for over 15 years, and the addition of this seventh bus was more than needed. On October 1, 2015, AGS's newest bus was delivered and placed into service, just in time to transport the middle school Gold volleyball team to their next win!

Prior to the Paddle Raise, the school's six buses served 236 students. All of them were used for eight sports, which meant they had traveled to over 1,800 games/matches/meets. In addition, they took about 60 field trips per year and had been used for nearly 900 field trips over the past 15 years. The last new bus had been purchased in 2000, and it was used at least two to three times a day.

Past Paddle Raise funds have supported the black box Tom King Theater, STEAM initiative curriculum and technologies (such as a 3D printer, robotics kits, and large-screen computers for the design lab), and outfitting each teacher and classroom with an iPad, Apple TV and projector to replace aging Smart Boards.

FY'15 BY THE NUMBERS

FY'15 JULY 1, 2014 - JUNE 30, 2015

2014/2015 Annual Fund Donors

Donations as of June 30, 2015
