

To access the summer skills work, you will need to create a DeltaMath account and join the class that you will be taking in the fall. The steps to do this are outlined below:

1. Go to deltamath.com. Click on the button in the top right corner, and select "create account". You will have the option to choose between a student or teacher account; select "student".
2. Type in the teacher code 518009.
3. Once you type in the code, you will see your teacher's name, "AGS Summer School".
4. Below the teacher name, you have the option to select a class. **Please select the class that you are registered for at AGS.**
5. Finally, you can create your account using your first name, last name, and email address. You also will need to create a password.
6. Once you click the green "Create Account" button, your account has been created! Use the login information you just created to sign into DeltaMath.
7. Once you sign in, you will see all your assignments and your progress on the front page.

If you have any questions or concern, please reach out using the email address math@atlantagirlsschool.org
